

Mobile Activity Learning Center

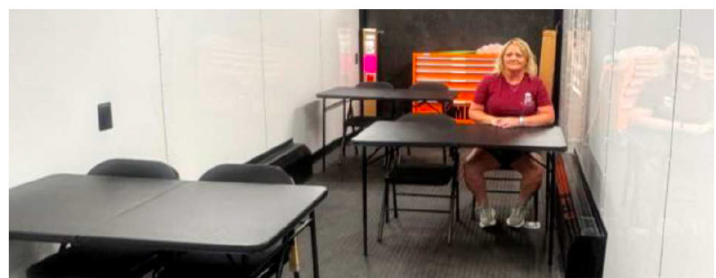

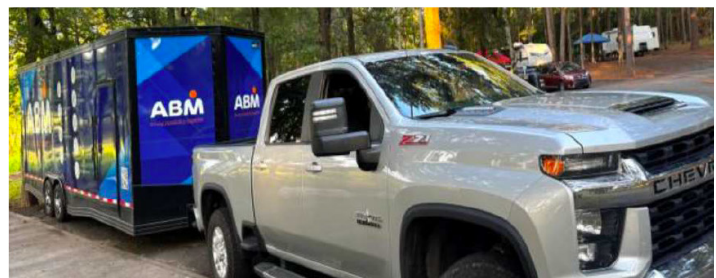

Empowering on-site learning

ABM's Mobile Activity Learning Center is a state-of-the-art, climate-controlled training trailer that delivers high-quality, on-site learning experiences.

Designed to create an immersive training environment, the center features full audio and video capabilities to support a wide range of educational programs. Its mobility eliminates the need for off-site travel while ensuring consistent access to essential training. The center comfortably accommodates up to 12 participants at a time.

Ideal applications:

- Outage preparation
- Ongoing education and skills development
- Compliance training
- New employee onboarding
- Technical refreshers
- Leadership development
