

Global 500 Luxury Automobile Manufacturer

Integrated Facility Services

ABM was selected by our client to provide integrated facility services for its 26 buildings at 22 locations across the U.S. and Canada, including the U.S. headquarters.

The client, who was outsourcing numerous services across its facilities, wanted to combine services under one provider. Building types include manufacturing, office spaces, warehouse, parts distribution centers, vehicle distribution centers, test facilities, showrooms, data centers, and research and training facilities.

ABM offered a total integrated solution to include facilities management and hard and soft services. ABM was granted a three-year contract, with option years.

CHALLENGE

ABM proposed a Glide Path business solution that would provide the client with year over year savings by reducing cost through:

- A centralized management structure based in Greenville, SC with 4 regional U.S. offices
- ABM self-performs 85% of all services
- KPI metrics and scorecard
- Service Level Agreements (SLAs)
- Governance process
- Change management
- 60-day transition plan
- Fixed-fee risk with Glide Path for cost savings
