

ABM Can Do That: Facility Solutions for Life Science Companies

Your built environments play a key role in fostering breakthroughs, innovation, and creation. Your whole operation, from critical environments to the front office, needs a facility services partner that lives up to your company's own standards for cleanliness, safety, and operational excellence. When you streamline from standalone to integrated services, your operation can benefit from increased efficiency, greater savings, and a stronger partner relationship.

OPERATIONS & MAINTENANCE

On-site engineers and handyman services. Preventative maintenance. HVAC and mechanical solutions. Plumbing, carpentry, and locksmithing.

ENERGY

Energy audits. Facility assessments and optimization. Project management for infrastructure upgrades.

ELECTRICAL & LIGHTING

Repairs, replacements, retrofits, and upgrades. High efficiency lighting improvements. Testing and solutions for low to high voltage.

LANDSCAPE & GROUNDS

Maintenance, design, installation, and renovation. Irrigation installation and maintenance. Seasonal floral programs.

CLEANROOM & JANITORIAL

Biohazardous waste removal. Warehouse, laboratory, cleanroom, and GMP cleaning. Water treatment. Hard surface floor care. Carpet and upholstery care. Window and glass maintenance. Sterile environment cleaning.

SPECIALTY SERVICES

Concierge services. Parking lot striping and sweeping. Painting. Pressure washing. Construction cleanup. Tile and grout cleaning. Other project-based work available upon request.

Why ABM?

ABM Is Partnered With Over 65 Leading Life Sciences Companies

With over 25 years of experience and 50 million square feet of pharmaceutical space serviced daily—it's safe to say, we know the life sciences industry.

We understand the challenge of balancing innovation, competition, and FDA regulations. That's why our team uses industry-specific expertise to ensure your facility is safe, clean, and comfortable—so you can focus on your next breakthrough.
